

Gryphon-X (Russell Pike) of Cape Town South Africa is an extremely versatile DJ, he can open your floor with some light fluffy progressive trance, warm up your mid-day with some groovy progressive psytrance or charge up your midnight slot with some uplifting Full-On sounds.

As an official label DJ for Iono Music who ran his own very successful Psytrance Radio Show for just over 2 years you can be sure that you are getting someone who has a very deep love for Psytrance and all that it stands for. This comes through in his sets, in his seamless mixing and very strong attention to detail when it comes to creating a valuable journey for those on the dance floor.

When it comes to, what is Gryphon-X known for, you could say he is best known for Uplifting Daytime Full-On ranging between 142 and 145 bpm. His speciality being taking the daytime sound into the early night with well crafted journey sets.
